

DREMA 2007

Międzynarodowe Targi Maszyn i Narzędzi dla Przemysłu Drzewnego i Meblarskiego
International Trade Fair of Machines and Tools for the Wood and Furniture Industries
24-27.04.2007 Poznań, Poland

Poznań, 30 October 2006

DREMA recommended by EUMABOIS

The International Trade Fair of Machines and Tools for the Wood and Furniture Industries DREMA has obtained the recommendation of the European Federation of Woodworking Machinery Manufacturers EUMABOIS. Thus, DREMA has joined the top group of industrial events.

Eumabois associates almost a thousand companies that produce machinery and accessories for the woodworking industry. Their total production exceeded EUR 5.4 billion last year.

The recommendation clearly emphasises the significance of the Polish furniture and woodworking sector on the international level, says Tomasz Kobierski, Project Manager. As a result, we should have more foreign exhibitors at the upcoming edition of DREMA.

The dynamic growth in the sold exhibition area and a lot of popularity among experts from the sector – these are the main advantages of the Poznań show that is becoming the most important event in Central and Eastern Europe.

The success of DREMA is connected to the presence of leading companies and a large number of the most modern solutions presented by them. Additionally, the organiser is committed to creating an effective platform for business communication. The Poznań International Fair takes care of the whole project by organising an interesting programme of events that reflect current issues in the industry.

We know thanks to the visitor registration system that DREMA is attractive not only to investors from Poland, but also to representatives of the woodworking and furniture sectors from all over the world. They also benefit from the simultaneously held Fair of Components for Furniture Production FURNICA. Due to their characteristics, both events complement each other.
